

## Persistent Organic Pollutants

Dear Sir or Madam,

This is to confirm that persistent organic substances restricted by the EC Directive 2019/1021 (Stockholm Convention on Persistent Organic Pollutants) are not used in the manufacture of ABS edges and melamine edges. We emphasize that only raw material is used, which is not tested for the potential contamination.

Sincerely

Company: HRANIPEX Czech Republic k.s.

Name: Ing. Štěpán Horký  
EMS Specialist

A blue ink signature is written over a circular stamp. The stamp contains the Hranipex logo (three horizontal lines) and the company name. Below the logo, the following text is printed: HRANIPEX Czech Republic k.s., J. Rýznerové 97 Komorovice, 396 01 Humpolec, IČ: 26112361, DIČ: CZ26112361.
